October 29–30, 2009	■	Northern Virginia Graduate Center, Falls Church
December 3–4, 2009	■	Virginia Tech Hampton Roads Center
January 14–15, 2010	■	Virginia Tech Roanoke Center

Workshop Objectives

Definition, Roles and Functions of Clinical Supervisors

What a clinical supervisor should do and should not do

Legal and Ethical Requirements of Clinical Supervision Practice

What supervisors must do and must not do

Theoretical and Developmental Models of Supervision

Why supervision helps supervisees, and how can we help them even more

Supervision Modalities: Individual, Group, Triadic, Etc.

Who is involved in the process, and how to maximize the strengths of each modality

Specific Supervision Strategies

"Go to" techniques for every stage of the supervision process

Opportunities to observe videotaped counseling and supervision sessions

The only thing better than watching supervision and discussing it...

Opportunities to practice supervision in group exercises

The chance to practice the skills you have learned!

Registration

The registration fee for members of the Virginia Counselors Association is \$200 (\$215 with 1.5 Continuing Education Units and certificate). The fee for non-members is \$240 (\$255 with 1.5 Continuing Education Units and certificate). The fees include workshop materials, light refreshments, and lunch. Sessions are held from 9:00 a.m. – 5:00 p.m. both days. The registration deadline is one week prior to each workshop. For more information about the workshops, contact Susan Short at sshort@vt.edu, or by phone at 540-767-6100.

Planning to supervise LPC's but haven't fulfilled the new requirements?

This two-day training provides **15** of the 20 **contact hours** required to supervise LPC residents, and highlights the legal, ethical, theoretical, and practical requirements associated with providing clinical supervision.

About the Instructor

This training is conducted by Dr. Gerard Lawson, an associate professor in Virginia Tech's counselor education program. He is a licensed professional counselor in Virginia, national certified counselor, holds the approved clinical supervisor credential, and has practiced, researched, and published in the area of clinical supervision.
